Every effort is made to ensure the accuracy of the information contained herein. However, subsequent to the date of publication, unavoidable circumstances may result in changes in this document. The university reserves the right to make all such changes, including those in the program of study, courses of instruction, fees, and officers of administration and instruction, without notice.

I. SOPHIA UNIVERSITY

Sophia University was founded in 1913 by the Jesuits, a Catholic order renowned for excellence in education. From the beginning, the university founders stressed an internationally oriented curriculum and rigorous training in foreign languages. Today, Sophia University is a major teaching and research university in arts and sciences with students, and faculty members encompassing dozens of nationalities. Graduate education at Sophia has been recognized for excellence by the Ministry of Education, Culture, Sports, Science and Technology - Japan (MEXT) through Center of Excellence and Attractive Graduate Education awards.

II. GRADUATE PROGRAM IN SCIENCE AND TECHNOLOGY (GPST)

Our graduate program was established in 1966 to provide advanced professional education for students in science and engineering. Since then, it has developed into one of the major science and engineering programs in Japan, with numerous active and well-funded research projects. We address both the quest to understand the basic working of nature and the desire to put this understanding to practical use. Another important objective is to educate scientists and engineers with a broad perspective, capable of working in the international arena. The program consists of nine divisions, including the Green Science and Engineering Division.

1. DIVISIONS

The graduate program consists of the following nine divisions.

- 1) Mechanical Engineering
- 2) Electrical and Electronics Engineering
- 3) Applied Chemistry
- 4) Chemistry
- 5) Mathematics
- 6) Physics
- 7) Biological Science
- 8) Information Science
- 9) Green Science and Engineering

2. GREEN SCIENCE AND ENGINEERING DIVISION

The Green Science and Engineering Division was established in September 2013. It occupies a special position among the nine divisions. First, the entire educational program, including lectures and research guidance, is conducted in English. In addition, emphasis is given to environment and sustainability-related studies, which are vital to the future of mankind. To foster cross-disciplinary education, faculty members from the other eight divisions will be involved in teaching and research guidance. At the same time, by joining the research group of the faculty member of their choice, students can receive research guidance and pursue advanced education for thesis research.

3. DEGREES

The following degrees will be awarded after the completion of each program. They are all accredited by the Japanese Ministry of Education, Culture, Sports, Science, and Technology (MEXT).

- Master of Science in Green Science and Engineering
- Doctor of Philosophy in Green Science and Engineering

4. RESIDENCE

As determined by MEXT, the standard residence requirement is two full academic years (four semesters) for the M.S. degree, with the possibility of early graduation. For the Ph.D. degree the requirement is three full academic years (six semesters). The maximum time allowed to complete all the requirements for the M.S. degree is four full academic years and for Ph.D. degree is five full academic years, excluding the period of time spent on leave of absence from the university.

5. TRANSFER OF CREDIT FROM OTHER UNIVERSITIES

The GPST can accept up to 10 credits transferred from a M.S. student's previous work as a graduate student. Transfer of such credits must be approved by the GPST faculty.

III. APPLICATION AND ADMISSION PROCEDURE

1. ELIGIBILITY

M.S.

Applicants who meet one or more of the following criteria may apply for entrance to the GPST:

- (1) Those who have graduated, or are expected to graduate Japanese universities.
- (2) Those who have completed, or are expected to complete, 16 years or more of formal education in foreign countries.
- (3) Those who have been recognized individually by Sophia University as having qualifications equivalent to (1) or (2) and will reach the age of 22 at the time of entrance to Sophia University.
- (4) Those who hold a bachelor's degree or an equivalent awarded by a foreign educational institution which requires three years or more for graduation.
- (5) Those who have been recognized by Sophia University as having qualifications equivalent to (1), (2), or (3) and will reach the age of 22 at the time of entrance to Sophia University.

Applicants must hold a Bachelor's degree or equivalent before entering the master's program. Those holding an undergraduate degree other than a Bachelor's degree should inquire at the Sophia Admissions Office in advance.

Ph.D.

Applicants must have, or be expected to obtain Master's degree based upon a distinguished record of academic achievement. Applicants must hold a Master's degree before entering the doctoral program.

2. MAXIMUM NUMBER OF STUDENTS ADMITTED

M.S. : 20 students

Ph.D. : 3 students

3. APPLICATION PROCEDURE

- 8) Information Science

C. Official University/College Transcript(s) ---from University/College

Official transcripts showing **all** undergraduate and graduate (if applicable) courses taken and grades received, including the list of courses you are currently attending, must be submitted.

Electronic transcripts should be issued directly from the university/college to Sophia. Digital transcripts sent from applicants are not accepted.

In the case of submission by postal mail, the transcript(s) should be certified by a school official and be officially sealed in a school envelope. Photocopies are not accepted.

D. Proof of Graduation---from University/College

One of the following should be submitted via email from the university/college or through postal mail if certified and officially sealed by a school official:

- (a) University/college issued certificate of a degree or official letter (original copy).
- (b) Photocopy of degree diploma certified by a school official.
- (c) Transcript indicating the degree received and date of conferral.

Ph.D. applicants must submit one of the above for master's degrees.

Note: ▪ **M.S. applicants** who have not completed their final semester at the time of application must submit as part of their application an official document from their school indicating their expected date of graduation. Such students should then submit either (a), (b), or (c) to the Sophia Admissions Office by March 31 for spring enrollment or September 20 for autumn enrollment. An applicant who does not submit this document in time could be denied enrollment.

▪ **Ph.D. applicants** currently in their final semester of a Master's program must submit an official document of expected graduation from their school or a letter from the thesis supervisor affirming both the expected date of the thesis defense and/or completion of all requirements for the master's degree. Such applicants should then submit either (a), (b) or (c) to the Sophia Admissions Office by March 31 for spring enrollment or September 20 for autumn enrollment. An applicant who does not submit this document in time could be denied enrollment.

E. Proof of English Proficiency (TOEFL® or IELTS) ---from Testing Institution

Applicants must prove their English proficiency by taking the TOEFL® iBT or the IELTS (Academic). The exam should have been taken no more than two years before the time of application. **TOEFL® Home Edition and IELTS Online are NOT accepted.** Scores must be submitted following the instructions below.

1. TOEFL: Applicants should request the official test score to be delivered directly to Sophia from the testing institution. When registering for the tests, be sure to indicate Sophia University and ensure that your official score is sent to Sophia University. For information about the TOEFL® and test registration, please refer to the following website.

TOEFL®: www.ets.org/toefl <code:0819>

2. IELTS: Applicants should request the official test score to be delivered directly to Sophia from the testing institution. When registering for the tests, be sure to indicate Sophia University and ensure that your official score is sent to Sophia University. For information about the IELTS and test registration, please refer to the following website.

IELTS: www.ielts.org <digital results certificate only>

In addition to the direct submission of the test scores by the test institution, the applicant must also include in the application documents a copy/screenshot of their results certificate, containing the Test Report Form (TRF) number.

Note: • For TOEFL®, enter your MyBest™ scores during the on-line application.

- **For MA applicants:** This requirement is waived for non-native applicants who have obtained a degree (Bachelor's or Master's degree) in the past from an institution where all courses were taught in English, and English is the official medium of instruction. The applicant should have studied in English for more than 2 years to obtain the degree. In such cases, an official document sent to the Admissions Office from their institution attesting to this is required.
- **For PhD applicants:** This requirement is waived for non-native applicants who have obtained a Master's degree in the past from an institution where all courses were taught in English, and English is the official medium of instruction. The applicant should have studied in English for more than 2 years to obtain the degree. In such cases, an official document sent to the Admissions Office from their institution attesting to this is required.
- If applicants have insufficient time to prepare the above official test scores, they may be able to substitute them with the scores of the tests performed in their own countries. For this issue, please ask for the Sophia Admissions Office prior to application.
- If the English proficiency is not clearly confirmed by those documents, the applicants are required to have a direct interview via Zoom or other means of communication.
- TOEFL ITP®, TOEFL® Essentials™ and IELTS Indicator are not acceptable.

F. Three Letters of Recommendation (use the form provided in the admissions page) ---from Referee

Letters of recommendation in English or in Japanese from three professors and/or officials of the school(s) attended by the applicant must be submitted. At least two letters should be from professors who have taught the applicant.

As a rule, letters should be sent via email directly from the referee to Sophia University by using their official institutional email address.

For submission via postal mail, each letter must be sealed in a separate envelope with the referee's signature written across the seal and sent directly to Admissions Office of Sophia University (shipping fee should be arranged by each applicant).

Admissions page: https://adm.sophia.ac.jp/eng/admissions/graduate_p/english_g2/gpst/

• **M.S. applicants** who are expected to graduate from the Faculty of Science and Technology of Sophia University need only one letter of recommendation.

• **Ph.D. applicants** who are expected to obtain a Master's degree in Green Science and Engineering awarded by Sophia University need only one letter of recommendation.

G. A Copy of Graduation Thesis, Master's Thesis, Significant Term Paper, or Publications (optional)

---from the Applicant via e-mail

M.S.

Submission of the applicant's graduation thesis, term paper, or publications, if you have any, is recommended. The copy should be in English, Japanese, or other languages with an extensive English summary.

IV. INTERNATIONAL STUDENTS COMING TO JAPAN

Students coming from abroad to study at Sophia University must have a college student status of residence or any other appropriate status of residence such as a diplomatic, official, or dependent. A temporary visitor status is not acceptable. To qualify for a college student status of residence, a student is required to register for at least 10 hours of class time per week. Additional information concerning college student status of residence will be sent to each student after acceptance.

V. SCHOLARSHIPS

Various types of scholarships and financial aid are available. There are some scholarships that the applicants can apply for at the time of admission application. Other scholarship applications must be submitted after entrance to the University. For more information and the application forms, please refer to the following website.

<https://piloti.sophia.ac.jp/eng/scholarships1/>

VI. HOUSING

Sophia University has several off-campus dormitories and offers affiliated housing options. For more information, please refer to the following website.

<https://piloti.sophia.ac.jp/eng/housing/>

VII. OTHER INFORMATION

1. NATIONAL HEALTH INSURANCE

International students who will stay in Japan for more than three months are required to join this insurance system. The procedures are carried out at the local ward/city office. The premium must be paid, but by declaring you have no income, it will be reduced. Please ask directly about the details at the local ward/city office.

Subscribers to the National Health Insurance system have only to bear 30% of medical expenses for any treatment covered by the insurance at clinics or hospitals (expenses for medical treatment not covered by the insurance must be paid in full).

2. PERSONAL ACCIDENT INSURANCE FOR STUDENTS PURSUING EDUCATION AND RESEARCH

All degree students must be affiliated with this insurance plan. This will cover physical injuries a student suffers during educational and research activities at the university (during the regular curriculum, school events, extracurricular activities reported to the university, and while the insured is within the school facilities for reasons other than the above-mentioned) and during commuting to school.
