I. GENERAL INFORMATION FOR NON-DEGREE STUDENTS

Student Status

Non-degree students are those who enroll in either the Faculty of Liberal Arts (FLA) or Center for Language Education and Research (CLER) to take undergraduate courses and obtain credits but do not intend to receive an academic degree. This status is applicable only to international students who will enroll as full-time students.

Tracks and Fields of Study

There are two tracks for Non-degree students. (1) English Track (FLA) and (2) Japanese Intensive Track (CLER). Applicants are required to choose one of the tracks at the time of application.

English Track

- Comparative Culture (Art History / Visual Culture, Literature, Religion-Philosophy)
- International Business and Economics
- Social Studies (Anthropology-Sociology, History, Political Science)
- Japanese Studies
- Japanese Language Regular Program

Students who intend to take classes from the above fields will enroll in the Faculty of Liberal Arts (FLA).

Note:

- All courses (except Japanese Language Regular Program) in this track are conducted in English.
- For the courses listings, please refer to the FLA website: https://www.sophia.ac.jp/eng/program/undergraduate_c/UG_LA/
- FLA core programs (for degree-students) and language programs other than Japanese are not open to non-degree students.
- Japanese Language Regular Program is for a) beginners of Japanese or b) intermediate-advanced level students who do not intend to take the Japanese Language Intensive Program (JLIP). In the Japanese Language Regular Program, 100-minute classes meet four or five times a week. Students take placement test before course registration. English is occasionally used for instruction when necessary.

Japanese Intensive Track A

This track is for students who would like to take Japanese Language Intensive Program (JLIP). JLIP is an intensive course for those who study Japanese as a foreign language. In the JLIP, 100-minute classes meet twice a day (9:00 to 12:35) from Monday through Friday. English is occasionally used for instruction when necessary. There are four levels, and the lowest level is for students who have reached a level N5 in Japanese Language Proficiency Test (日本語能力試験) or equivalent.

All students who plan to take JLIP must take a language placement test before course registration, and will be assigned to a level on the basis of the results of the placement test.

Note:

- Level N5 in the Japanese Language Proficiency Test corresponds to completing 150 hours of study at university (1-2 semesters). Those who have not reached this level cannot apply for this track.
- For the courses listings, please refer to: www.sophia-cler.jp/study/ja/lesson
- If students enrolled in this track wish to take classes of English track as well, English proficiency requirements must be met. However, please **note that students in this track are required to take Japanese Intensive courses.**
- If the previous learning experiences in studying Japanese or the result of Japanese Placement Test is considered as higher level than JLIP, there is a possibility that students may not be able to register for Japanese Intensive Track. Those students have to register for Japanese Regular Program (twice-a-week class) and content courses offered by other faculties.

Japanese Intensive Track B (日本語集中講座 B)

This track is designed for Chinese character users and Asian students. For more information, please refer to another application booklet “日本語集中講座 B 募集要項” for this track.
