

The Expansion of the Tuition Support / Benefactors' (Adachi) Scholarships Application Opportunities for Privately Financed International Students

We decided to open the application twice in Autumn (1st period) and Spring (2nd period) for all students in order to provide support for those who are facing unexpected economic hardship.

◆What's new

- Students who had been enrolled in their program for longer than 1 semester needed to apply for the scholarship in November to cover the tuition of the following academic year starting from April. **With this change, those who miss the application in autumn have another chance to apply for it in spring (2nd period.)**
※In principle, those who have applied in 1st period may not apply for the 2nd period.
- New students in September needed to apply for it twice in October and November to have their 1st semester and 2nd and 3rd (following academic year) covered. **In this new schedule, one application in autumn will cover the tuition of their first semester and following academic year.**

《Previous Schedule》

Application Period	Eligible Students	Current Academic Year	Next Academic Year	
		Autumn Semester	Spring Semester	Autumn Semester
October	New Students in September	Apply		
November	All Students	Apply		
May	New Students in April		Apply	

《New Schedule》

New New

Application Period	Eligible Students	Current Academic Year	Next Academic Year	
		Autumn Semester	Spring Semester	Autumn Semester
Autumn (1st Period)	New Students(*) in September	Apply	Coverage Expansion	
	All Students	Apply		
Spring (2nd Period)	New Students(*) in April		Apply	
	All Students	Application Opportunity Expansion	Apply	

(*) Students meeting following conditions can also apply.

- Who start studying beyond the minimum required residence term from the semester.
- Who took a leave of absence or studied abroad(outside of Japan) in the previous semester.

◆ **Attention**

- The recipients from the Autumn (1st) application will receive the bill with the scholarship amount deducted. However, **the Spring (2nd) recipients need to pay the full amount first as the school fees for each student is settled before the scholarship screening.** The recipients' overpaid amount will be either deducted from their next bill or paid back.
- **For the students who are eligible to apply in Autumn (1st period), applying in Autumn is recommended** due to the above reason.
- In principle, the applicants in Autumn (1st period) are **NOT** eligible to apply in Spring (2nd period) regardless of the result.

In case where a student is facing unexpected financial hardship due to reasons such as sudden changes in their household, they may consult with Center for Student Affairs for their eligibility to apply for the second time in Spring.

◆ Eligible Students

Autumn: 1st Period

Privately financed international (prospective) student visa holder who meets one of the below :

New Students	<ul style="list-style-type: none">● Those who are newly enrolled or transferred in September.● Those who extended their study after the completion of required residence term.
